20,000 and above	\$2,500

Notes

VSA Dues are calculated using a 3-year average of total student FTE enrollment at each participating institution. The 3-year average is applied to smooth out anomalies and full time equivalent (FTE) enrollment is used so as to not unduly penalize institutions with large part-time student enrollments.

The data source is the Integrated Postsecondary Education Data System (IPEDS) from the National Center for Education Statistics within the Department of Education.

VSA dues are based on a calendar year from January 1 to December 31. For institutions joining the VSA in mid year, the dues will be prorated on a monthly basis.
