

### VSA Dues Schedule for 2010

Institution Enrollment	Annual Dues
under 1,000	\$ 500
1,000-4,999	\$ 1,000
5,000-9,999	\$ 1,500
10,000-19,999	\$ 2,000
20,000 and above	\$ 2,500

VSA Dues are calculated using a 3-year average of total student FTE enrollment (Fall 2005, 2006, 2007 from IPEDS) at each participating institution. The 3-year average is applied to smooth out anomalies and full time equivalent (FTE) student counts do not unduly penalize institutions with large part-time enrollments.
